

CROMTECH WELDER GENERATOR PETROL 200 AMP

PRICE

\$3,265.00

INC. GST

A convenient combination of both Arc Welding and power generation.

This Cromtech welder 200 Amp is for general purpose use and is petrol-powered. Ideal for tradies, contractors and farmers it suits an operator that needs to do quick onsite welding repairs. The unit can also be used as a 5.6 kW (max.) generator for powering medium-sized equipment like grinders, drills, lights and for backup power.

A simple no-fuss model, features include a reliable Robin engine, Mecc Alte welder alternator all built into a 25mm Australian fabricated heavy-duty steel frame. Assembled and tested in our Australian factory. The simple welder comes with a three-year Robin engine warranty and also has a one-year manufacturer's warranty.

Customization options include; powered by Honda engine, electric start and trade-pack with RCD protection, two wheels, lifting bar/hook, and also fold-out transport handles.
